All kinds of FLORAL WORK Done at CROW'S Greenhouses, 312 Brady Street. Telephone No. 58.

INSTRUCTIONS TO SUBSCRIBERS.

1. To call, turn the crank once, quickly, then take down the hand-telephone and place it to the ear. The Central Office will answer immediately *by telephone*.

2. Answer calls promptly *by telephone;* do not ring back.

3. Always hang up the hand-telephone promptly, and ring for disconnection when through talking, as other connections may be waiting for you. Your line is reported "busy" until disconnection signal is received.

4. Stand with your lips from six to ten inches from the transmitter; talk in an ordinary tone of voice, and strictly avoid shouting.

5. When not in use, the hand-telephone should always be left hanging upon the fork; otherwise you could not receive a call, and the battery would run down rapidly.

6. **You will be held responsible for an extra charge for all connections made from your instrument with other towns and toll stations. The Central Office will quote rates upon application.**

7. Non-subscribers will be served at the Central Office or public toll stations.

8. A reasonable charge will be made for moving instruments.

9. **The Central Office will give all available information regarding trains. The railroad companies refuse to be annoyed by repeated requests for such information, but furnish it to the Central Office for distribution.**

10. **Report alarms of fire to the Central Office; do not undertake to call the Fire Department direct.**

11. Any person may, with consent of subscribers, use the telephone in case of sickness, accident, or fire.

12. Report interruptions and poor service in writing, or by telephone, direct to the Manager.

Correspondence with the General Superintendent is solicited, when the wants of our patrons are not promptly and efficiently served by the local management.

For all Kinds of KINDLING-WOOD call for S. T. WATKINS.

W. P. HALLIGAN & CO. Telephone No. 171. Cor. 5th and Harrison Streets. Hard and Soft Coal.
